May 6, 2009

Mr, Chad Mayer  
Sharefest  
3525 Lomita Blvd.  
Suite 200  
Torrance, CA 90505

Dear Mr. Meyer,

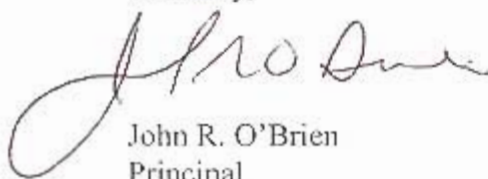

On behalf of the students, staff, faculty and parents of Torrance High School I want to thank you for all your hard work organizing, setting up, cleaning, painting doors, benches, railings and walls, filling planters and trimming bushes and shrubs during the annual Share Fest Clean-Up day on May 2, 2009. Thanks also for the generous donation of leftover paint. It will help us keep the place sparkling throughout the year,

At a time when schools are in need of repair and upkeep your many hours of elbow grease and enthusiastic maintenance made our campus look extra special on Monday morning. All of the students and teachers commented favorably on the new look and new paint especially by the annex cafeteria and around the auditorium.

Public education in general and Torrance High School in particular would not be as successful at what we do without the generosity and thoughtfulness of churches and individuals like you. In addition you were able to involve so many of our students in this endeavor and thus increasing school and community pride. Your leading by example is to be highly commended and I appreciate all you have done for the past three years to make our school look special for the Tartar Community.

If Torrance High School or myself can return this generosity in any manner please do not hesitate to contact me. Once again, on behalf of all the Tartars, I want to thank you for thinking of us in creating this wonderful day of Sharing.

Sincerely,

John R. O'Brien  
Principal

Cc Dr. Tim Stowe, Senior Director Secondary Education  
Dr. Don Stabler, Deputy Superintendent-Administrative Services
